Excellent apartment in a newer building in Senjak. It is located in a very quiet street not far from green market and other commercial contents. Peacefull and natural surroundings, with a lot of greenery, but very close to city center. Excellent connection with the rest of the city through many busy streets in near vicinity. The apartment is housed on the third floor of a small apartment building, with an attractive fasade, which is very well maintained. It consists of a central living room which is connected with a smaller dining room area, which is separated from the kitchen by a kitchen bar. There is also one bedroom, equipped with a double size bed, at disposal as well as one bathroom with a shower cabin. The apartment is fully furnished with modern furniture of an excellent design, which gives the sense of comfort and creates a pleasent atmosphere. Warm earth tones dominate throughout the interior, while the whole space is very bright. Ceilings in the apartment are slightly beveled, but thanks to the furniture arrangement, functionality of space is still at very high level. The apartment is suitable for one to two persons or a couple.
