Apartment situated on an excellent location, not very far from well known Kalenic green market. Located in a busy street, with many contents necessary for everyday life just within hand reach. Closeness of public transport stops allows easy connection with the rest of the city. The apartment is housed on high ground floor of a prewar building with well maintained, marble entrance. There are two entrances leading into the apartment. Main entrance leads into a spacious living room, with a view toward the street, while the second entrance leads through a terrace into another room, which can be used as an office, dining room, or an additional bedroom. Hallway leads from this room to a separated kitchen, a bathroom with a shower cabin, as well as to one more room. Completely renovated apartment, equipped with new, high quality ceramics and parquet, while the carpentry is in it's original state. It is suitable for life, but thanks to it's good location it is ideal for an office space.
