Shop placed in an office building, in vicinity of numerous lines of public transportation. It is located in close surroundings of New Belgrade municipality and has easy access to the highway. The building itself is indrawn in comparison to the street and has a nicely arranged green surface in front of it. Ground floor level, where the shop is situated, is on a few steps higher level than the street level. Stairs lead to an open terrace which surrounds the building. Shop can be accessed on the building's side, while it has a large window surface facing toward the street, throughout it's length and height. It has three side orientation. Shop consists of an open space, with removable walls, which do not disturb the functionality of space. High ceiling (4m), contributes to the spaciousness. There is a possibility of adapting the space according to business activity.
