Very good apartment with characteristic high ceilings at location with large frequency of traffic and pedestrians, close to Branko bridge and Zeleni venac green-market. This area is excellently connected with other parts of the city by well organised public transport. The apartment is housed on the second floor of old but nicely maintained building with recently installed elevator. The space is two-side oriented, while anteroom connects all four rooms. Fully equipped kitchen, bathroom with bathtub and toilet are at disposal. Rooms are separated by large, wooden and glass doors, what make impression of large open space. Highly functional space, bright and suitable for a business activities.
