Excellent, smaller apartment on nice location, in immediate vicinity of FON and Faculty of political science. Right across the famous restaurant "Kovac". Positioned between two large, busy traffic lines, has possibility for use of several bus and tram lines passing by. New and excellent maintained building with beautiful facade. Apartment is comfortable and in good condition. It has small entry hall, main bedroom, comfortable kitchen with dining table and bathroom with shower cabin. Furniture is newer, nicely blended. Apartment is pleasant, with bright colours.
