Excellent, functional apartment located in the center of the city. Positioned within a few minute walking distance from Terazije and the National Assembly. The apartment is housed on the fifth floor of an older building. It has a very functional layout. All rooms are separate and connected by a long central hallway, which leads into a comfortable living room, spacious bedroom and small room which could be guest, study or children's room. The kitchen is fully equipped and has a small dining area, while a large dining table is located inside the living room. Bathroom has a bathtub, nice, recently renovated. The apartment is very bright and equipped with high quality carpentry, which provides protection from city noise. Furnished with relatively new furniture of modern design. A special advantage is the parking place, which located in building's yard. Apartment suitable for a couple or smaller family.
