A nice house in Senjak in a quiet street, not far from the green-market and other commercial shops. There are two separate units on the plot of 450 m<sup>2</sup>, with a landscaped garden in between. The main house has two levels and about 200 m<sup>2</sup>. On the ground floor there is a living room interconnected with a dining room, and slightly separate kitchen fully equipped with elements and appliances. From the living room, the corridor leads to the bedroom, where there are two spacious rooms and a bathroom. The staircase leading to the first floor is outside, next to the covered plateau in the garden. The upper floor is a large unit, two bedrooms and another bathroom. The slopes are emphasized by beams, while the interior is elegant. The second house is planned to be a gym or business space: one unit with a small kitchen and a toilet. The yard occupies about 300 m<sup>2</sup>, with a covered plateau for parking two vehicles. Comfortable and unique house on the market.
