Good apartment located in a quiet and one of the most beautiful city streets, in near vicinity of St. Sava Temple. Quiet part of the city, with abundance of commercial content in near vicinity - shops, restaurants, cafes. Highway inclusion is located within five minute driving distance, while busy streets with public transport stops are within walking distance. The apartment is housed on the second floor of a pre-war, walk-up building. Two side oriented, quiet, spacious and comfortable are some of the characteristics of this property. Suitable for one person or a couple.
