Excellent apartment on a beautiful location in Vracar. Located in the vicinity of Vuk monument, as well as Kalenic green market it is positioned in a quiet part of the street. Housed on the third floor of a relatively new building, this apartment occupies the entire floor. It consists of two units, featuring public and private areas. From the entrance one can enter a living room with dining area, which are partially separated with a wall, while study room is also part of this open concept. Kitchen is separated and fully equipped. This part of the apartment has two smaller terraces oriented toward the street, two bathrooms, one of which has a bathtub, while the other is equipped with a shower cabin, as well as a smaller utility room in the hallway. The apartment has many closets both in the rooms and in the hallway, so it has a lot of storage space in addition to the utility room. Living room is equipped with a sofa, large TV, a shelf, as well as equipped study room. The apartment is abundant with natural light and has a lot of window surfaces. Interior is attractive and well maintained. There is one parking space in building's garage space, while there is a possibility of renting an additional space. The apartment is leased semi-furnished, but there is a possibility of different arrangement. Excellent property suitable for family life or as an office space.
