Comfortable and nice living space, on top of building. Most of surrounding buildings have own private yards, and some of them are transformed into small private oasis. It is peaceful area, without traffic noise and crowd, well linked with other parts of the city. There are number of embassies placed in this area, as well as leading international schools. Building is built in seventies of previous century, with construction style leaning to functionality rather than aesthetics. There is an elevator in this building, only for this apartment. Placed on top of building, three sides oriented, it provides beautiful panoramic view onto whole Belgrade. Downstairs level contains large living room with exit to comfort terrace. Kitchen is fully furnished and it has large window as way of natural ventilation. Main bedroom has own bathroom with bathtub, and also large window. Second bedroom is specific for its glass wall, which enables beautiful view onto surrounding vegetation. Upstairs are three comfort bedrooms and two bathrooms, all under roof slopes. Garage is in basement of building. The apartment has three pantries, with total size of 30 m², which expands possibilities for storage. Although it is suitable as an office space, because it is unfurnished, the apartment is ideal for larger families.
