The spacious styled apartment is located on the 4th floor of pre-war building in the city center. Great location just a few minutes walk from the pedestrian zone of Knez Mihailova Street and Kalemegdan fortress. This location is the city core and center of social life of the city. Environments rich in cultural and historical attractions, such as those entertaining character. Also, a large concentration of the business world is exactly at this location. The building was built early last century, well preserved. The apartment has recently been completely renovated, but has kept the spirit of the old saloon. It consists of a spacious living area with a nice balcony overlooking the inner courtyard. A smaller, separate kitchen is fully equipped. Sleeping area consists of two rooms that overlook a opposite building. Rooms not abundant light, which is the only drawback of this elegant space. There are two bathrooms, one of which with a bathtub, while the second shower. Very good interior, with well arranged dark red floors and kitchen cabinets in the same shade. Excellent bathroom equipment and ceramics. The area is great both for residential purposes and to perform some business activities.
