Very busy street in city center that passes by Radio Belgrade building and connects pedestrian zone with Palilula. Tram line goes through street and ground floors of surrounding buildings are occupied by shops with different content like boutiques, restaurants, banks, exhibit saloons, food shops, and even school. Building is older with nice marble fitted entrance in red colour, and wide massive doors with glass. Apartment consist out of small anteroom with three large rooms which are mutually connected, bathroom with bathtub and kitchenette. New pvc carpentry is placed and interior is fully renovated, adjusted to business needs. It has alarm, video surveillance and installed computer network.
