Beautiful apartment on the last floor of the building located in Dedinje, next to the Partizan stadium. It is very close to Autokomanda, and it has a lot of shops nerby, as well as city transportation lines. The highway entries are only 5 minute drive away. The street is busy, but the building is facing away from the street and it has backyard. The entrance is well maintained and the building does not have an elevator. There are nine apartments in the building, and there is parking behind it. The apartment is on the third floor. It consists out of the entrance hall, which leads to the central living room. Central room is connected to two bedrooms, kitchen and bathroom with shower. There is also one separated bedroom block, in which there are three more bedrooms. The apartment has bright attic with roof windows. The apartment is empty, apart from the kitchen and a few built-in closets. It can also be fully furnished. Because of its structure, it can also be office space.
