Excellent new apartment in the quiet recently built settlement in Dedinje. Location is very well connected with other parts of the city, but only if you own a car. Settlement is beautifully maintained with lots of parks and playgrounds. The building is finished in 2015 and apartment is placed in the attic. Very good layout of rooms and quiet neighbourhood distinguish this apartment on the real estate market. High bar connects spacious living room and dining area with the kitchen. The kitchen is large and it could be equipped with kitchen elements on the both walls. Little storage room could be entered from the kitchen. One bedroom could be reached from the living room, and central big hallway leads to the other bedroom, bathroom and toilet. The hallway is big enough to be equipped with large wardrobe. The rest of the rooms are empty and the same size. The bathroom has bathtub, and little toilet is nicely equipped. One parking place in front of the building is reserved for rentier. The apartment is suitable for smaller business activity.
