Apartment with high ceilings housed in a prewar building with nicely maintained entrance and elevator. Numerous coffee shops, restaurants, public institutions, green market Bajloni are close by. Busy streets and many lines of the public transportation connect this area with other parts of the city. Apartment is on the second floor, two-side oriented and partially renovated. Living room is central part of the apartment and it is directly connected to two spacious bedrooms. Bathroom has two parts, one is toilet and the other is bathing area. It has two entrances as well, one from the large bedroom and the other from little hallway which connects kitchen and dining area. Smaller kitchen and large dining room with exit to the terrace with the view to the garden is the other part of the apartment. It is furnished in stylish manner.
