This individual object is placed on the Zemun edge near bus roundabout and Zemun - Borca bridge. In few minutes driving is highway and it is very good connected with city center. Space consists of three levels, 285 m² each and a terrace on every floor. The whole building is in the last phase of finishing so it could be designed according to wishes and needs of clients very quickly. Very bright space with excellent insulation and PVC windows. Five parking spots are available in front of a building. Suitable for companies in need of large open space.
