An interesting business premises/shop at attractive location close to St Sava temple in Vračar area. The building is built in 1927 but it is very well maintained. The space is housed slightly underground. The main room is organized as open space and that characteristic make it suitable for variety of business activities. This room is surrounded by three small rooms and there are two toilets as well. In front of the building one parking space is at disposal. Not suitable for catering businesses.
