Nice and cozy apartment in a prewar building with characteristic high ceilings placed at walking distance of Slavija Square, not far from the city center. It is placed in a quiet part of the street, tucked away in green surroundings, next to a beautiful park with benches for relaxation. This position provides easy communication to all parts of the city and the highway exit as well. The building is indrawn in comparison to the street, therefore it provides a high level of privacy. The apartment is housed on the second floor, two-side oriented and abundant with light. It consists of a spacious dining room, living room with a balcony, toilet, a kitchen, two bedrooms and two bathrooms. Both bedrooms are equipped with king size beds, one of which has a private bathroom. The apartment has an interesting interior with halogen lights, equipped with quality furniture, in classical forms. Excellent as a residence for a family, as well as for an office space for serious businessmen.
