The building has plane shape, with a ceiling height of 6 meters. It is located in a business-industrial complex with several international companies in the neighbourhood, whose activities are trade, services, production, distribution ... In the immediate vicinity are two international highways E-70 and E-75, railway freight and road stations, as well as bypasses around Belgrade. The space requires renovation, while the owner is ready for any type of arrangement. The property has its own transformer substation, a paved parking lot and a driveway for trucks. It is suitable for small production, storage and distribution, retail and wholesale of any kind.
