Excellent apartment placed on a nice location, in a quiet street in Belgrade city center. The apartment is situated in a renovated house and has a separate entrance. It consists of a very spacious living room which is designed according to modern, open concept with connected kitchen and dining area. The central lounge further leads into a separated area with a bedroom with a king-size bed and a spacious bathroom with a jacuzzi bathtub. The guest toilet is placed in the entrance area. The apartment has a gallery with an additional bedroom that is only partially separated from the lower part. The apartment is housed in the attic and has slanted ceilings which are high, so they do not affect the use of any part of the apartment. It has a lot of window surfaces, classical as well as rooftop, which provide plenty of light and sun. Furnished with attractive and well-maintained furniture and all the necessary details. It also has a nice and very spacious terrace, facing the green yard. Airy and comfortable interior, which represents a quiet oasis in the city center.
