An excellent apartment in newly built part of Dedinje area. Peaceful location with plenty of greenery. The apartment is housed on the second, last floor of small building. Very interesting and attractive interior. Central room is living room interconnected with kitchen and dining room, and also has an exit to a spacious terrace overlooking the greenery. Large hallway connects this public space and intimate space with bedrooms. This part of the apartment include guest toilet with boiler room as well as large bathroom with jacuzzi bathtub. Master bedroom consists of several divisions. On the very entrance is walk-in wardrobe which leads to bedroom area. From there one can enter to the bathroom with bathtub which is separated from sleeping area with glass, transparent wall. The bedroom is furnished with king size bed and has an exit to a terrace. The other bedroom is also rather large and designed for two children. Interior is very interesting, modern, with dark blue parquet, functional fireplace, and modern kitchen island. Ceiling is in some parts a little higher, while walls are beautifully decorated with plaster elements. Furniture is very nice and modern. One parking space is at disposal in the basement level of the building's mutual garage.
