Excellent business premise in Dedinje close to Dragisa Misovic hospital. Very good location close to boulevard with large frequency of traffic. Premise is separate building in the yard of family house with an entrance to the yard which is shared with a neighbour house. Interior is completely renovated. Large room with a kitchen is placed on the ground floor together with bathroom. On the upper level are two mutually connected rooms, and one of them leads to other bathroom. The space is bright, modernly designed, suitable for business activities which do not require large frequency of people. In front of the house is free parking zone.
