A shop situated within a shopping center, positioned on a very busy location, at the corner of two streets. In front of the shopping center there is parking space, as well as public transportation stop. Residential urban area, but with high frequency of pedestrians and vehicles. At the -1 and -2 level of the complex there is a garage with security. The shop is located at the entrance to the building and has a shopping window. It has open layout and an entrance from the shopping center itself. There is a common toilet, separated for men and women, with several cabins. In case of need, a toilet can be made within the shop itself. Also, the space could be connected to the unit next to it and form a larger unit which would occupy 83 m². It is suitable for various purposes.
