A nice apartment in a location with high frequency of traffic and pedestrians. This position is very good connected with all parts of the city. The apartment is housed on the high ground floor and oriented towards the street. It is completely renovated and has new installations and furniture. Layout of the apartment is excellent with classical arrangement of rooms. It consists of two rooms, kitchen with a dining room which has an exit to a small terrace overlooking the building's atrium and beautiful bathroom with a shower cabin. The apartment is equipped with pvc windows, excellent parquet in white color and armored door. The furniture is nice in white, gray, and black shades. Suitable for one or two persons. For long term rent and business activities the apartment could be rented without furniture.
