A nice, rustic, little apartment within a private house with separate entrance. It consists of little hallway, recently renovated bathroom with shower, centrally positioned room with interconnected dining room, dining room and kitchen which leads to the bedroom. The apartment has slanted ceilings, while walls are covered with wooden cladding. The furniture is mixture of different styles, where some of details are authentic. The atmosphere is like in the cottage, with numerous paintings on the walls. This interesting interior is completely furnished and ready to live in it. In front of the house there is a beautiful yard at disposal. The rent covers bills for power and electricity, so internet bill is the only expense.
