This exclusive apartment is housed within the most modern building complex in Belgrade, called Belgrade waterfront. Complex is still under construction, while the project is managed according to highest architectural standards. The apartment is placed in one of the towers surrounded by greenery and parks. It is housed on the eleventh floor with a beautiful view towards the town, river and confluence. It consists of a living room interconnected with dining area and a kitchen that occupies 25 m². Sleeping block is separated and contains two bedrooms and two bathrooms. Larger bedroom has a small terrace while other bedroom shares another terrace with a living room. Heaters are discreetly hidden behind nice masks which are tastefully incorporated in the ambiance. Built-in closets are placed in the hallway, where are and two bathrooms. One bathroom has a bathtub and the other a shower cabin. The apartment is equipped with kitchen elements, closets and bathroom elements as well. Ceiling height is above average, while large window surfaces provide plenty of natural light, and fabolous view. The apartments have central air conditioning and heating per consumption. Within the complex there are garages, as well as sports facilities, such as swimming pool and gym, and a beautiful yard as well. On the ground floor of the building there is a lobby, with the reception desk. The complex is designed so that customer care is raised to the highest level, and the receptionists are at the service for a large number of services, or assistance. This prestigious complex is intended for clients, with high standards of modern
