Very good space in an older building at excellent location. It is situated within a block of buildings with plenty of greenery and close to shopping mall Usce. The building is without an elevator, while the apartment is completely renovated. It consists of three rooms which are different size and another room - living room with a kitchen and an exit to a terrace. The apartment has new bathroom and toilet, pvc windows and good parquet. Bright, comfortable and practical apartment that could be organized in many ways. Suitable both for comfortable life as well as office space.
