Excellent, new apartment, located in a newly built residential and business complex on Vracar. A modern complex that offers various benefits to its tenants, which are planned with the project, such as green areas, walking paths and children's playground. Good location, just minutes away from the highway, while major buildings and major city roads are in near vicinity. The characteristic exterior of the building is a combination of facade brick and contemporary materials. The building has physical security, video surveillance and two elevators. The apartment is housed on the third floor. It consists of an open plan living room and a fully equipped kitchen separated by a counter. One of the rooms has an exit to the terrace. One more bedroom with built-in closets is at disposal, as well as a bathroom with shower. Suitable for a single person or a couple.
