Newly built building on the way to Batajnica, as part of a larger warehouse complex. The building is made of panels on a concrete structure. Ceiling height is 10.5 m. It is designed and built for refrigeration in the 0-4C mode for food and medicines. It has compressors, two loading ramps, office space with toilets and a kitchen. A truck driveway and several parking spaces are at disposal. The complex is secured and fenced. Suitable for various purposes.
