Office space in an exceptional location in the city center. Close to the Faculty of Law and Tasmajdan Park. Business city zone, very busy, with plenty of commercial facilities. Several public transport lines pass through the street. The building has 5 floors. There is a security service and a reception desk at the entrance. The users of the space have at their disposal an elevator, a yard for parking scooters and bicycles. Also, the building has a generator to provide an uninterrupted power supply. The space is located on the fourth floor of the building and covers 462 m². It is currently divided into 13 offices. The partitions are mostly glass-aluminum and can be easily removed or moved. There are two toilets available. Installations pass through the floors of the space. Most offices are air conditioned. It is possible to rent an additional floor in case of need. The building does not have it's own parking lot, and the nearest public parking lot is the Vuk Monument garage. Great address for all business activities,
