Excellent and unoccupied new apartment housed in a new building in Vracar. Street near the park and Kalenic green market. The building is of high quality construction, very nicely maintained. The apartment is housed on the top floor, has functional structure, it is one-side orientated, abundant with natural light, has a great view. Living room is connected to an open kitchen with dining area and has access to a terrace. Kitchen is fully equipped. A smaller bathroom with a shower is located next to the living room. Sleeping block has two bedrooms that also have access to the terrace with a beautiful view over the park. There is another, larger bathroom with a shower at disposal. There are closets along the entire length of the corridor. Low maintenance costs, as the whole building is heated using a heat pump system. The apartment has one parking space in the garage under the building.

Very comfortable and pleasant interior.
