Very nice space situated in a quiet street near Slavija Square and the Temple of St. Sava. It is housed on the second floor of a pre-war building with high ceilings, without an elevator. The building is located in the yard, protected from noise and with a small parking lot in front where one parking space is available. The apartment is spacious, renovated and very comfortable. It has a small entrance hall which leads to a central room from which all rooms are accessed. Two large rooms face the yard, and one of them has an exit to a small terrace. The kitchen is spacious, fully equipped, with access from the central room. The other part of the apartment consists of a hallway leading to the toilet, a bathroom with a large bathtub, a small room, equipped with a large closet and a half-room made of the terrace. The apartment has excellent parquet in two rooms, while the rest of the floor is covered with granite tiles where underfloor heating is embedded. The exterior windows are a combination of wood and aluminum, while the inner windows are retained original. The walls are painted and enriched with plaster details. Several pieces of beautiful furniture, are repaired and beautiful incorporated. The space is clean, tidy and airy, elegant and has a very pleasant atmosphere. Very suitable for a peaceful business activity, but also for comfortable life.
