Very attractive location with good access and link to highway. It is only few hundred meters away from inclusion to new bridge over Danube river, and few minutes driving from highway to Novi Sad. Very suitable for heavy transport access, as well as for employees, for good public transport. Building is older but the interior is partially renovated. It is situated on a fenced land plot, with well maintained access road. The space is housed on the high ground floor. It consists of two large units with floors covered with tiles, two toilets and fully equipped kitchen. Suitable for variety of business activities.
