Good apartment in a house on Dorčol, near the Aleksandar Nevski Church, next to the Museum of Science and Technology. A quiet part of the street, in the immediate vicinity of the market, a busy boulevard, while the pedestrian zone is at 10 minutes walking distance. The house has a common yard and consists of three apartments, one on each level. The apartment is housed on the last floor and consists of one open space, bedroom with kong size bed, and a bathroom with a shower. The space is fully equipped with new, modern furniture. The air conditioner is an inverter, so the costs are also very decent, per consumption.
