A nice apartment in a newer building near Beli dvor (White Palace), close to a busy street with numerous shops and public transport stations. The location is quiet, with plenty of greenery and the new residential part of Dedinje. Building with few apartments, elevator, garage in the basement. The apartment is housed on the second, last floor, and has two levels. The entrance is at first level which leads the living room, dining room, and the slightly separated kitchen. In this part is also a toilet with a washing machine and stairs to the upper floor. The second level consists of two rooms with two bathrooms, one with a bathtub, the other with a shower cabin. Both rooms have gentle slopes that do not disturb the functionality of the space. The kitchen is fully equipped with cupboards and appliances. Due to its functionality, the apartment is suitable both for living and for business activities. One parking space is at disposal in the building's garage.
